

AAA ... providing a lifetime of driving school solutions

Driving school instructors play a vital role in helping make the roads a safer place for everyone. AAA has been an advocate for motorist safety for more than 100 years. From novice drivers to senior mobility issues, we offer products to help you meet the challenging demands of all levels of driving experience.

How to Drive

Help your students become safe drivers. Using a realistic approach to educate today's mobile society, *How to Drive* focuses on the issues drivers must face. With an emphasis on safety and defensive driving, this manual benefits new and experienced drivers.

AAA Driver Improvement Program

After successfully completing the AAA *Driver Improvement Program* certification course, instructors can use this program to grow their business — appeal to drivers who have received a traffic ticket, require fleet training, want a reduction in insurance rates, or simply have the desire to become better drivers. The AAA *Driver Improvement Program* offers a series of comprehensive videos and student manuals developed to encourage class discussions and aid in the learning process.
